MINUTES

special education programs with the transfers being completed when P-1 and P-2 are certified.

5.2 SBCSS D/M Operations 2022-23 Fee-For-Service Year-End Actuals

Jennifer Alvarado presented the SBCSS D/M Operations Fiscal Year 2022-23 Fee-For-Service Year-End Actuals. She reported the increase from budgeted to actuals is due to the extreme growth in referrals to the desert mountain county operated programs.

5.3 SBCSS D/M Operations 2022-23 Fee-for-Service Return

Jennifer Alvarado presented the SBCSS D/M Operations 2022-23 Fee-For-Service Return information. She reported the respective return is based on the district's proportionate share of the number of students receiving services and the fee for service categories.

5.4 E-Sports in the Desert Mountain Region

Michael Harte, SBCSS Technical Services, presented on E-Sports in the Desert Mountain Region. He shared the SBCSS Technical Services branch is happy to assist the districts with building their own programs and communicating with what equipment is needed along with safely configuring firewalls. Michael continued they can provide a pop up at school sites during lunch or after school to engage the students in a mock tournament with signed parent permission slips and prizes. SBCSS e-sport tournaments are facilitated by Generation E-Sports, the largest facilitator in the nation. Michael shared that Moreno Valley USD did a brief study of their students and found those who engaged in e-sports showed higher levels of engagement, attendance, and academic marks. There are many careers that e-sports can grow in to. E-sports also provides an additional platform for students to be involved with to increase their levels of engagement outside of academics. Michael asked to be contacted with any questions and by the districts interested in the program.

5.5 JPA CEO Facilitated Evaluation Process

Jan Gonzales, SBCSS District Governance Advisor, presented the SBCSS JPA CEO Facilitated Evaluation Process. There is an informal and formal evaluation, both are guided by an SBCSS District Governance Advisor, placed on the Board Agenda, and held in Closed Session. During the informal evaluation meetings, no documentation is required except for notes the CEO takes for their own reference but nothing is documented for the personnel file. The formal evaluation is completed every other year and is between the Board and the CEO with discussion focused on the previously agreed upon goals and objectives with the CEO presenting their data. The full board participates in the discussion with two board members taking notes to compile, creating a report of the evaluation findings, specifically the accommodations and recommendations. Jan continued that the report is presented at the following board meeting to ensure all details are captured. The signed report is then forwarded to the SBCSS superintendent for review and to likely hold a meeting with the CEO. That final report will be placed in the personnel file for documentation.

MINUTES

Jan added that implementing this process does not require an action item on the agenda because the CEO evaluation is already scheduled to be held every two years, this is a process that can be implemented if the board agrees.

Several of the council members voiced their support for the process based on personal experience. Being the person evaluated, it is a highly valuable tool, rich in content and authentic feedback, allowing for capacity building. All the council members have a voice in the process and are given the chance to be truly heard. The third-party facilitator (SBCSS District Governance Advisors) can assist with eliminating what could be an awkward experience.

The council members present agreed to follow the process presented with Jan Gonzales being the facilitator. Pam Bender agreed the process would be a helpful opportunity to ensure she can meet the needs of the LEAs. Jan and Pam agreed to communicate regarding meeting dates.

8.2 2024-25 Desert Mountain SELPA and Desert Mountain Charter SELPA Allocation Plans

Pam Bender reported the Allocation Plans will also be submitted this school year. Pam has spoken with Dr. Ron Powell who agreed to be the facilitator. There will also be a request sent out for Governance Council members to be part of the Allocation Plan committee and Pam is hoping that some of the superintendents who were previously chief business officers to be part of it. Pam asked to be contacted by volunteers.

8.3 CAHELP JPA Vision Statement

Pam Bender spoke on the CAHELP JPA Vision Statement. At the June 2023 CAHELP JPA Leadership Retreat, the leadership team agreed to retain the mission statement but to create a vision statement. Pam continued that though feedback has been received from the staff, the vision statement will not move forward until feedback from stakeholders can be received and reviewed. Pam said with staff working on the transition to SEIS, the stakeholder survey will be emailed to the superintendents and special education directors later in the school year. Pam reported that the

MINUTES

different areas within CAHELP JPA are working on goals for the vision statement with the executive team focusing on onboarding new staff. That will allow all new employees to receive needed resources at the beginning of their journey with the organization.

8.4 CAHELP JPA Governance Workshop

Pam Bender led a discussion on rescheduling the CAHELP JPA Governance Workshop. She said Robert Feldhake had to cancel for the September 14, 2023 workshop due to a trial. It is important to have him in attendance so questions can be asked as they come up. After a brief discussion, the consensus is for the workshop to be rescheduled for January 2024. Pam will speak with both Robert Feldhake and Dr. Ron Powell about dates in January.

There are several LEAs in disproportionality, intensive, and targeted monitoring. Pam is planning to bring the LEA teams together when the new dashboard is released so there can be discussion of the different processes.

9.0 INFORMATION ITEMS

11.0 GOVERNANCE COUNCIL MEMBERS COMMENTS / REPORTS

12.0 CEO COMMENTS

Pam Bender shared that Codi Andersen, OT/PT Manager is creating a proposal for an occupational therapy pilot for early childhood in order to reduce referrals later. She is hoping for high interest from the member LEAs.

Pam reported program specialist team is still short though the positions have been posted and interviews scheduled. She explained that the shortage is causing a delay in Crisis Prevention Intervention (CPI) training because it does require two trainers. Pam shared that a couple of the special education directors asked if LEA staff could be certified as CPI trainers. Pam is researching the possibility of CAHELP JPA paying for one or two facilitators at each LEA. The cost of facilitator certification is \$5600 per person and it must be done every two years. The facilitators can only train staff within their LEA and a DMSELPA facilitator would be required to support the staff training.

Pam shared that she has shared with her staff that getting through struggles makes us stronger. Some staff are onsite until 6-7:00 p.m. on workdays entering information in SEIS and she has been working towards getting more students affirmed. The struggles continue as DMCC staff have supported LEAs with several crises recently.

Jesse Najera said the DMCC crisis team was unbelievable in providing crisis support to 70 students in his district.

Policy 6146.4: Differential Graduation And Competency Standards For Students With Disabilities

Status: ADOPTED

Original Adopted Date: 11/01/1999 | **Last Revised Date:** 12/01/2023 | **Last Reviewed Date:** 12/01/2023

The Governing Board recognizes that students with disabilities are entitled to a course of study that provides them with a free appropriate public education (FAPE) and that modifications to the district's regular course may be needed on an individualized basis to provide FAPE. In accordance with law, each student's individualized education program (IEP) team shall determine the appropriate goals, as well as any appropriate individual accommodations necessary for measuring the academic achievement and functional performance of the student on state and districtwide assessments.

Exemption from District-Established Graduation Requirements

District students shall complete all course requirements for high school graduation as specified in Board Policy 6146.1 - High School Graduation Requirements. However, a student with a disability that entered the ninth grade in the 2022-23 school year and later may be exempted from all coursework and other requirements adopted by the Board that are in addition to the statewide course requirements for high school graduation if the student's IEP provides for both of the following requirements: (Education Code 51225.31).

1. That the student is eligible to take the alternate assessment as described in Education Code 60640
2. That the student complete state standards aligned coursework to meet the statewide coursework specified in Education Code 51225.3

Any such exempted student shall receive a diploma and be eligible to participate in any graduation ceremony and school activity related to graduation in which a student of similar age without a disability would be eligible to participate. (Education Code 51225.31)

The district's responsibility to provide FAPE shall not terminate when a student with a disability who is exempted from district-adopted graduation requirements participates in graduation activities unless the student's IEP team, which includes the parent/guardian and student, has determined that the student has completed the high school experience. (Education code 51225.31)

Certificate of Educational Achievement or Completion

Instead of a high school diploma, a student with a disability may be awarded a certificate or document of educational achievement or completion if the student has met one of the following requirements: (Education Code 56390)

1. Satisfactorily completed a prescribed alternative course of study approved by the board of the district in which the student attended school or the district with jurisdiction over the student as identified in the student's IEP
2. Satisfactorily met the student's IEP goals and objectives during high school as determined by the IEP team
3. Satisfactorily attended high school, participated in the instruction as prescribed in the student's IEP, and met the objectives of the statement of transition services

A student with a disability who meets any of the criteria specified above shall be eligible to participate in any graduation ceremony and any school activity related to graduation in which a graduating student of similar age without disabilities would be eligible to participate. (Education Code 56391)
